

Model 911 & 91200

Bar Blenders

Performance, dependability, speed and large container size characterize these multi-purpose bar blenders.

Designed to meet professional demands, these high power/lower energy consumption units deliver fast two-speed versatility with pulse speed control for precise blending. Two durable, stainless steel cutting and mixing blades ensure even consistency.

Model 911 features a smooth-wall, 1/2 gallon stainless steel container with a two-piece vinyl lid and an easy-access handle. Model 91200 offers a break and stain resistant 1/2 gallon polycarbonate container with easy-to-read, graduated measurement marks, superior vortex action, a snug fitting two-piece vinyl lid, and a molded sure-grip handle. Both easy-to-clean models feature heavy-duty, self-lubricating, two-speed motors constructed for years of trouble-free service.

Model 911

Model 91200

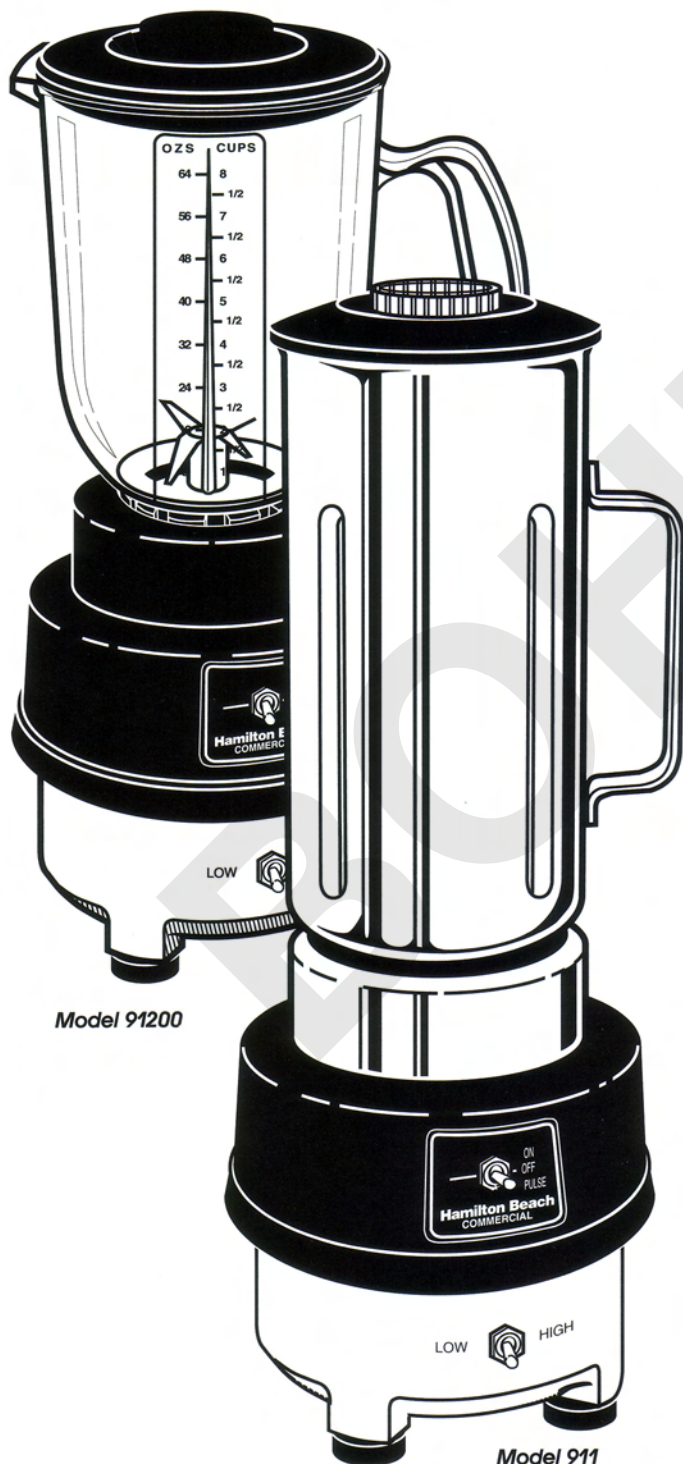

Complete with upscale midnight blue housing, these multi-purpose bar blenders are just another reason why Hamilton Beach is the quality leader in commercial appliances. **2 Year Warranty**
